

Laura Best @ Regent's

Laura gives a short update on what we can pray for as she studies at Regent's:

I have still a few essays to finish this week as well as exams that are coming up. Especially the N.T exam which lots of people struggled with last year, so prayer for that would be great.

Please also pray that God will provide a full-time job for me over the summer break, as I'm aware it may not be that easy to find one...but I am trusting God for the right one to come along. Likewise pray for financial provision for the next few years of study that I have left at Regent's.

Health wise I am doing a lot better- PRAISE THE LORD!:) Thanks again for prayer there. I'm still quite tired but that is probably due to college life, I would think...so prayer for energy over these next few weeks would be great. lol.

I have also been blessed to experience some great opportunities through my weekend job at a nearby Indian Restaurant where I've been able to witness to my Muslim colleagues. Especially witnessing to my boss, AJ, who is having a hard time financially while also experiencing some weird spiritual activity in his home. I have suggested to him that some people would be willing to come and pray. More recently he has become more open to the possibility! Whereas, before he has said a blunt 'no', believing 'the spirits' would turn aggressive and that nobody could remove the source of weird activity, even his high priest failed when trying to do so. He hasn't met our Great High Priest yet :D)! So he is currently thinking about it, even though his own floor manager advised him against it. However, regardless of this, AJ's attitude still remains more open at this time, so I am praying he will continue to be open and say yes.

Please pray for AJ (My boss) and his family as well as the other staff member's salvation. And also that God will guide and give me wisdom and favour as I work with them and talk with them in my last few weeks.

Thank you again!

Love to everyone! Will see u all soon! :)

blessings
Laura
