

## Nick & Ziso Moyo Update

Nicki, Ziso, Zach & Zoe are now back in Ndola and it is clear to see that the Spirit of God is upon their lives. Please use this information to pray more effectively for their ministry remembering that the prayer of a righteous man or women is quick and powerful availing much!

### **Oasis Village Project**

#### Fence/Wall Status

This work with the fence, or wall as we might call it, is continuing as they put in metal bars.

#### Chalet Status

After the completion of the wall, work will focus on making the existing chalets more habitable.

#### Canteen Status

In order to try and prioritise work, with the intention of moving the kids into the chalets as soon as possible, building work on the canteen has had to be postponed.

### **Ministry Update**

God has been blessing the outreach work and Nicki & Ziso have been very busy. One week after arriving back in Ndola they had an outreach in an area near to their church. This was met with an amazing response where multitudes of people as far as the eye could see gathered to hear what they had to say. They have since continued with follow ups in this area.

The Elim Chairman has expressed interest in this and now wants to plant a church in this area. God is changing lives through the outreach ministry. One of the most outstanding testimonies that came from this outreach was that of a woman who 'apparently' has killed men in the past, but has now confessed Christ as her Saviour and is now attending church. Praise God!

Please continue to pray for the work but remember to pray for Nicki & Ziso as a family. Ziso has identified some ministry related points for prayer below:

### **Prayer Points**

- As they prepare for the youth national conference.
- As they prepare and undertake outreaches into schools.
- To be able to provide effective support and encouragement for Elim churches in a nearby town when visiting next week.
- That they will accomplish their intended goal of making Oasis Village habitable for children and adults.
